

CHARTERBOAT CAPTAIN'S  
Meeting

June 27, 1958

We have endeavored to make the operation of the charterboat fleet cooperative by rotating the Charmer on office parties.

Experience in the past 15 months has shown us that this system is impractical. There seems to develop too much dissention as to which is strictly office charters or my own business which is considerable after building it up to its ~~present~~ status over a period of 21 years--since 1937.

The results of my past effort has enabled me to obtain controlling interest in the Sailfish Center, Inc. entitling me to all business coming to or through this office plus all other connections in relation to Sailfish Center Inc, past and present. Our booking service is protected by a yacht broker's license.

As of July 1st, 1958, in order to establish a more cooperative system the "CHARMER" will cease to rotate on the board and will sail all corporate business and allocate any overflow to those captains showing the best cooperation in their dealings with the company.

This will remain a 100% Riviera Beach Chamber of Commerce Dock.

Notification of the above policy is hereby given in the event anyone wishes to make other arrangements. Please notify your captain.

Notice to the captains as of June 1st, 1958. Gulf Stream News advertising will be charged only if you want your boat and name listed.

POOL

BOAT OWNERS who maintain slips at the dock will be allowed to register at the motel for "limited motel facilities" which will include a motel charge of \$10.00 per month. This will be for boat owners and their immediate families only starting July 1, 1958. Parents are responsible for the behavior and safety of their children. Pool not for use before 9 A.M. Children must be accompanied in pool area by their parents.
